

OFFER FOR FOREIGN EXHIBITORS

15. – 17. 5. 2018, hall P, Central European Exhibition Centre Brno

Science Research Innovation Fair (SRIF) is:

- a unique and new platform for joining science, research and business area
- an outstanding opportunity for researchers to present the results of their work directly to potential users and commercialize results of research and development
- an opportunity for specialists to meet across scientific disciplines, there are no specializations restrictions
- a place to see presentations of innovative solutions and ways of applications of research and development results
- an opportunity for everybody whose mission is to support and deliver professional transfer
- space for all others whose activity is connected with science, research and innovation

EXHIBITORS

- Are you looking for partners from universities, research organizations or technological companies to develop your products and services?
- Would you appreciate the opportunity to present your innovative products and services to specialized and open public from the Czech Republic?
- Are you looking for Czech specialists, PhDs., students or graduates for your company?
- Are you interested in the latest trends from the areas of smart city, robotics, 3D print, e-mobiles or shared economics?
- Would you like to become a part of a dynamically growing fair?

Become exhibitors in the 3rd year of Science Research Innovation Fair. Present your innovative solutions. Find new partnerships. You will find a way to future interesting scientific, development and innovative projects. We prepared for you an attractive accompanying program – e.g. B2B meetings, start-ups presentations according to your requests (for a fee), workshops and seminars in the area of the export support and many others
